Stream here

With our live-streaming events you are close to your team or your customers despite Corona.

Our mobile live-streaming studio allows more than simple smartphone videos or video-call-meetings.
We make tv-capable productions out of it.

GRWN UPs

CORONA COMPATIBLE

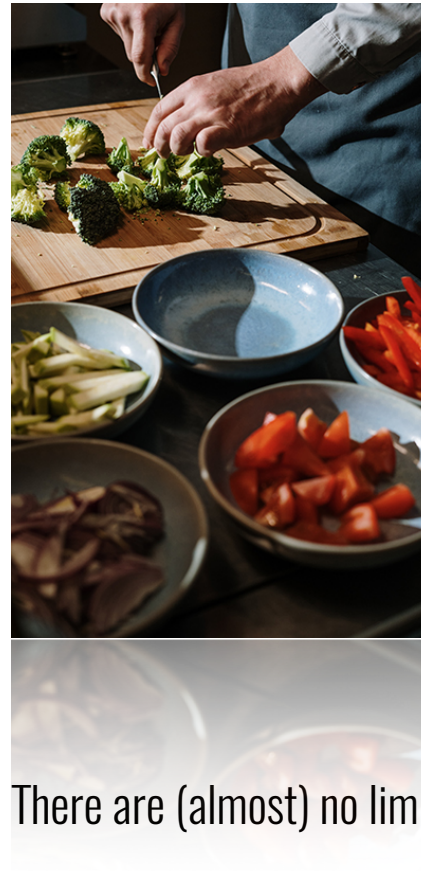

We offer you the possibility of a Corona compliant and innovative Christmas party with all your employees or customers.

We are happy to support you with your live-stream, the technical set-up or with artists and DJs for a colorful supporting program.

GRWN UPs

VARIOUS ENTERTAINMENT OPPORTUNITIES

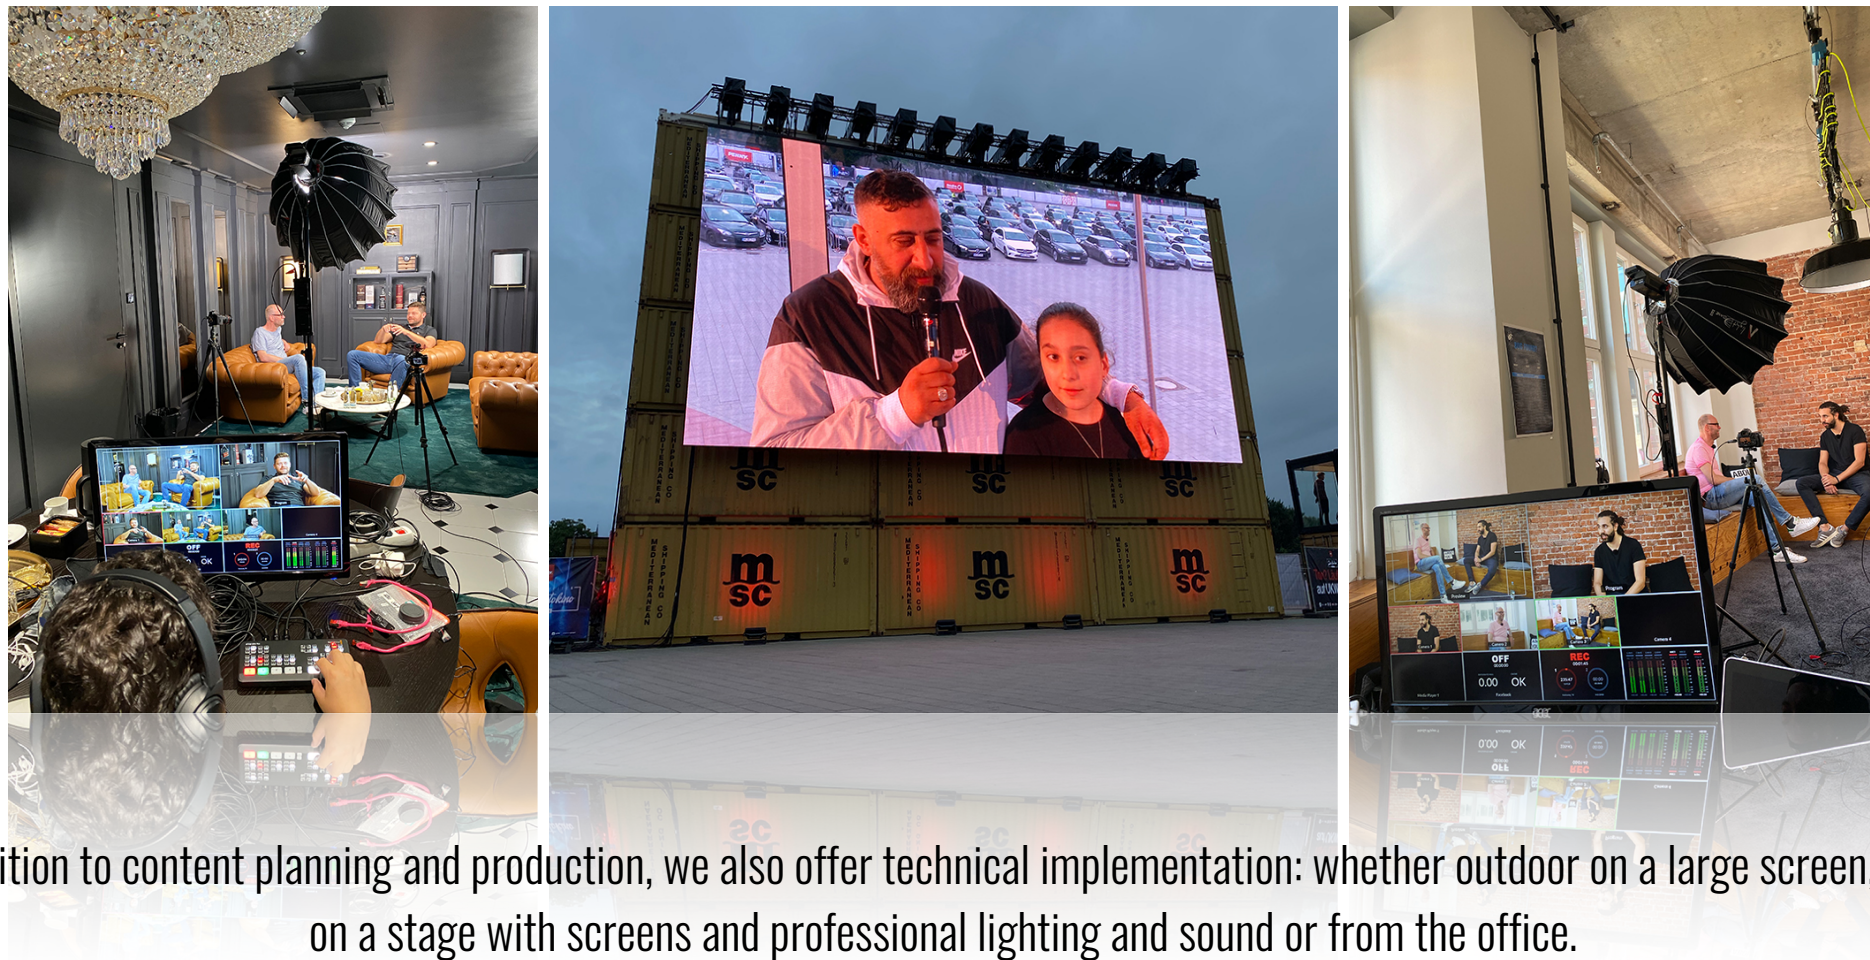

There are (almost) no limits in terms of content.

Whether Corona-compliant rounds of talks, cocktail training, live cooking, DJ-set, live music, poetry slams or interactive quizzes: with our network of creative partners, we ensure an unforgettable Christmas party (in front of the screen)

GRWN UPs

CONTENT MEETS TECHNIQUE

In addition to content planning and production, we also offer technical implementation: whether outdoor on a large screen, indoor on a stage with screens and professional lighting and sound or from the office. You get the whole package from one source.
