Stream here

With our live-streaming events you are close to your partners, customers or your team despite Corona.

Our mobile live-streaming studio allows more than simple smartphone videos or video-call-meetings.
We make tv-capable productions out of it.

TECHNICAL SETUP

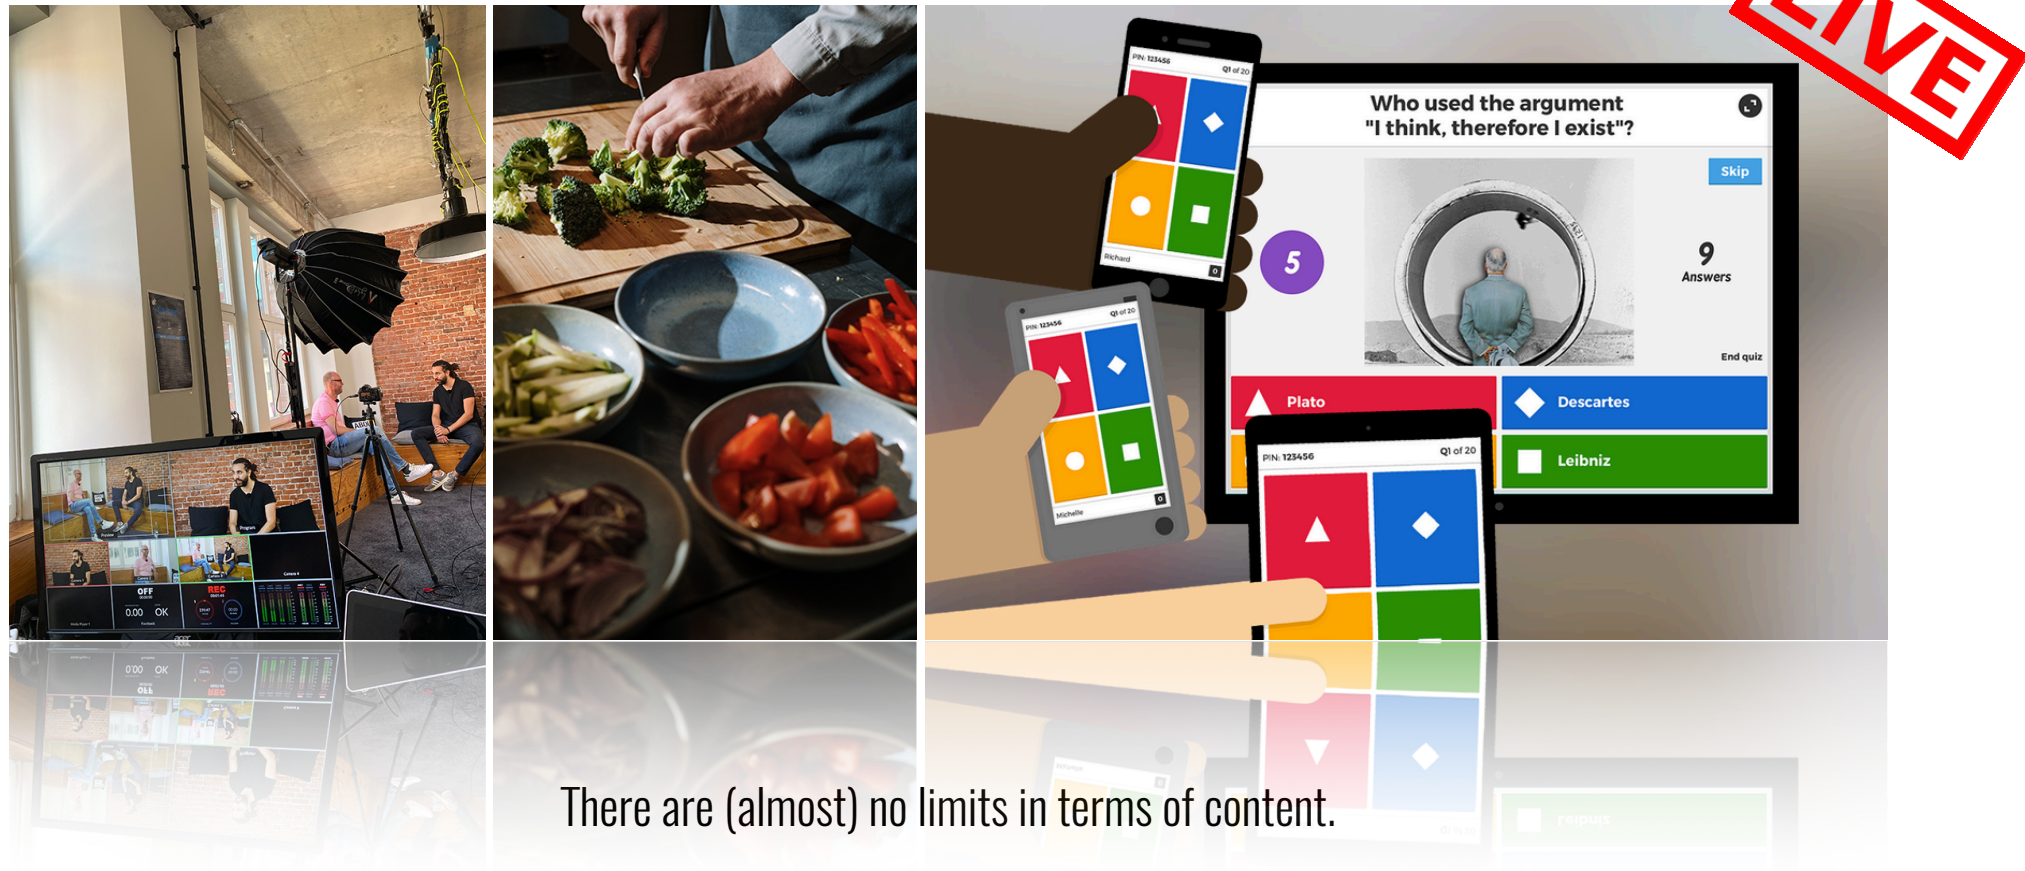

In addition to content planning and production, we also offer the technical setup: sound, lightning, different camera perspectives, video-implementations, subtitles and most important: Corona compatible.

You get the whole package from one source.

VARIOUS LIVE-STREAMING OPPORTUNITIES

There are (almost) no limits in terms of content.

Whether Corona-compliant Live-Tastings, Cocktail Trainings, Live Cookings, DJ-Sets, Live Music, Poetry Slams or Interactive Quizzes: With our network of creative partners, we ensure an unforgettable Live-Streaming-Event.

LIVE-TASTINGS (DIGITAL TREND 2020 | 2021)

Tastings are one of the live streaming trends 2020 | 2021.

In live tastings, brands connect the product with the target group and thus create a unique, shared experience.

We combine content marketing, live streaming know-how and gastronomy experience under one roof. You have to taste it.
